3. Turn right on path by daycare center, arrive at corner of Napa and Dominga—go straight on Dominga.

Continue up the steep hill on what is now Power Lane.** Wood steps continue to paved section of Power Lane. Continue up this steep section until you hit Hillside.

9. Turn left just before 39 Meernaa where you will see a little (Mayan?) stone statue holding a bowl on its head. Continue on this steep path uphill (watch your step, this one is slick and not well-maintained.)**
10. You will emerge back on Hillside; take a right and follow it all the way around past Deer Park Dr where you will make a sharp right and then another just past Spring Ln—continue on this branch of Meernaa
11. Take a right on the path between 176 & 180 Meernaa.* Emerge between 125 & 123 Porteous.
